

New PLAYer Progression

(for new participants that are 9 years old & up)

Because each level of our curriculum is designed for kids that meet its respective minimum age requirement, older participants that are new to The First Tee may be able to move through the lower levels of the program faster. The intent of these “accelerated” paths is to allow older participants the opportunity to reach the curriculum level that is appropriate for their age sooner. See below for new PLAYer progression requirements by age.

Par Age (9-10 years old)

- Complete two PLAYer sessions (10 weeks)
- Successfully complete all required PLAYer Level Certification elements

Birdie Age (11-12 years old)
